

Instructional Program Review Four Column Report

Program Review - Dental Hygiene

Mission Statement: The mission of the Dental Hygiene Program is to educate and graduate competent and ethical health care professionals to meet the needs of the dental community in the Inland Empire.

Has mission statement changed since last review?: No

Align your discipline mission to college mission: 3. encourages academic excellence and professionalism;

Semester submitted: 2015-2016

Major developments and changes: There has been no changes in the services, collaborations, degrees, certificates, and curricula, but here has been a dramatic change in the administrative support provided to the program. The Dental Hygiene Program provides preventive services to over 500 community members in the dental hygiene clinic. As of August 31, 2015, the program lost 24 hours a week dental administrative support that was in place to assist in maintaining the dental hygiene clinic. It is yet to be seen what the impact of this will have on the ability to maintain a safe environment for students to learn in, provide safe and competent dental hygiene services, as well as maintain patient records to protect the college from legal issues.

Equipment has been purchased from funding through Perkins grants, STEM grant and a one time resource allocation which included computers, digital radiology sensors, curing lights and the move of our paperless patient management system to the RCCD virtual server.

Year One Objectives: Incorporate new technologies as they emerge in the field of dental hygiene and maintain existing state-of-the-art equipment to provide graduates the exposure, experiences and skills expected by potential employers. An example is the Perioscopy unit.

Status of Year One Objectives: Ongoing

Year Two Objectives: Expand the delivery of instruction to include hybrid courses.

Status of Year Two Objectives: Ongoing

Year Three Objectives: Sponsor an Interprofessional education event.

Status of Year Three Objectives: Ongoing

Year Four Objectives: Successfully complete the American Dental Association's Commission on Dental Accreditation's process and receive "Approval without Reporting Requirements" status.

Status of Year Four Objectives: Ongoing

	<p>resource needs. Please also include the data file(s) by relating it to the document.</p> <p>Performance Target : Please state your performance target.</p>		
<p>Enrollment Analysis for 2015 Four-Year Report - Analysis of data on enrollment (2003-2014)</p> <p>Objective Status: Ongoing</p> <p>Type: Data Analysis</p>	<p>Direct: Institutional Research or Other Data - Referring to the data in your Four-Year Program Review Data Files folder in the Document Repository, please analyze trends in enrollment that you believe are important for your planning and resource needs. Please also include the data file(s) by relating it to the document.</p> <p>Performance Target : Please state your performance target.</p>	<p>Report Submitted: 2015 - 2016 (Fall 2015)</p> <p>Performance Target Met: Yes</p> <p>The maximum enrollment at any given time could be 40 students. The enrollment target is to have 20 students per graduating class, which would provide maximum enrollment in the program. Enrollment figures on the attached chart are incorrect. Even with the incorrect data being reflected in the chart, there was an enrollment declined in 2013 due to difficulties with students meeting the prerequisite course, Chemistry 2B. This has since been resolved and is reflected by an increase in enrollment in 2014 and 2015. (09/24/2015)</p> <p>Related Documents:</p> <p>MOV DEH PR Data.docx</p>	<p>Action Plan: To continue to assist interested students in understanding the chemistry 2B requirement so they are eligible to apply to the dental hygiene program. (09/24/2015)</p>
<p>Efficiency Analysis for 2015 Four-Year Report - Analysis of data on efficiency (2010-2014)</p> <p>Objective Status: Ongoing</p> <p>Type: Data Analysis</p>	<p>Direct: Institutional Research or Other Data - Referring to the data in your Four-Year Program Review Data Files folder in the Document Repository, please analyze trends in efficiency that you believe are important for your planning and resource needs. Please also include the data file(s) by relating it to the document.</p> <p>Performance Target : The State target for efficiency is 525. Compare your discipline/program's efficiency levels to this State benchmark, including (if applicable) a discussion of course enrollment limitations that may not allow you to achieve the benchmark.</p>	<p>Report Submitted: 2015 - 2016 (Fall 2015)</p> <p>Performance Target Met: Yes</p> <p>The American Dental Association Commission on Dental Accreditation (CODA) requires a low faculty-to-student ratio in laboratory and clinical courses, therefore the efficiencies noted on the attached chart reflect this limitation. (09/24/2015)</p> <p>Related Documents:</p> <p>MOV DEH PR Data.docx</p>	<p>Action Plan: To continue to strive to have the highest efficiency rates as possible within the restraints given by CODA. (09/24/2015)</p>
